RULING ON ENTITLEMENT¹

On March 20, 2019, Andrea Tjaden filed a petition for compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. §300aa-10, *et seq.*,² (the “Vaccine Act”). Petitioner alleges that she suffered a right shoulder injury related to vaccine administration, as defined on the Vaccine Injury Table, caused in fact by the influenza vaccine she received on October 10, 2016. Petition at 1, ¶¶ 2, 13. Petitioner further alleges that she received the vaccine in the United States, suffered the residual effects of her injury for more than six months, and that neither she nor any other party has filed a civil action or received an award for her injury, alleged as vaccine caused. *Id.*

¹ Because this unpublished ruling contains a reasoned explanation for the action in this case, I am required to post it on the United States Court of Federal Claims' website in accordance with the E-Government Act of 2002. 44 U.S.C. § 3501 note (2012) (Federal Management and Promotion of Electronic Government Services). **This means the ruling will be available to anyone with access to the internet.** In accordance with Vaccine Rule 18(b), Petitioner has 14 days to identify and move to redact medical or other information, the disclosure of which would constitute an unwarranted invasion of privacy. If, upon review, I agree that the identified material fits within this definition, I will redact such material from public access.

² National Childhood Vaccine Injury Act of 1986, Pub. L. No. 99-660, 100 Stat. 3755. Hereinafter, for ease of citation, all “§” references to the Vaccine Act will be to the pertinent subparagraph of 42 U.S.C. § 300aa (2012).

at ¶¶ 2, 13-15. The case was assigned to the Special Processing Unit of the Office of Special Masters.

On June 5, 2020, Respondent filed his Rule 4(c) report in which he concedes that Petitioner is entitled to compensation in this case. Respondent's Rule 4(c) Report at 1. Specifically, Respondent "believes that petitioner's alleged injury is consistent with a SIRVA, as defined on the Vaccine Injury Table." *Id.* at 3-4. Respondent further agrees that "based on the record as it now stands, petitioner has satisfied all legal prerequisites for compensation under the Act." *Id.* at 4.

In view of Respondent's position and the evidence of record, I find that Petitioner is entitled to compensation.

IT IS SO ORDERED.
